ABOUT THIS PLAN

The Zenith by Sierra Log & Timber is a generous 3,986 sq ft log home with a warm, inviting spirit and room for everyone to gather. Ideal for growing families or those who love to host, it offers four bedrooms and two and a half baths across two stories. The main floor's 2,113 sq ft centers around a spacious great room, where timber beams and natural light set the tone for relaxed evenings and lively weekends. The kitchen is designed for real cooking and conversation, while the primary bedroom provides a quiet retreat at day's end. Upstairs, the 1,873 sq ft loft opens up possibilities for a home office, studio, or extra sleeping space for guests. Whether as a year-round residence, mountain retreat, or multi-generational getaway, the Zenith is crafted for lasting memories and can be tailored to fit your vision.
