ABOUT THIS PLAN

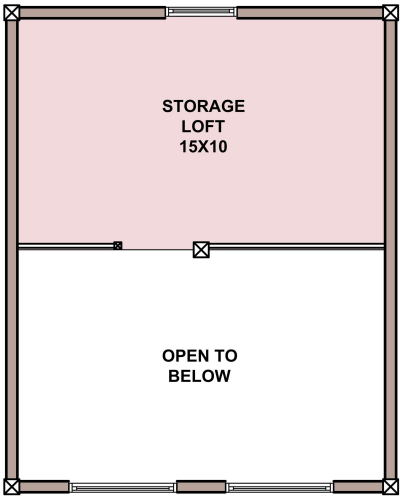

The Crow's Nest by Sierra Log & Timber is a cozy 470 sq ft log cabin that captures the spirit of simple living in a handcrafted shell. Ideal for solo adventurers or couples seeking a quiet retreat, this compact design makes the most of every inch. The main floor's 320 sq ft offers a welcoming living area and a practical kitchen, with a full bathroom tucked in for comfort. The primary bedroom is just right for restful nights after a day outdoors. Upstairs, a 150 sq ft loft gives you flexible space for a guest bed, reading nook, or creative studio, letting you shape the cabin to your needs. Whether as a weekend hideaway, a hunting basecamp, or a minimalist full-time home, the Crow's Nest brings warmth and character in a small footprint. Custom options let you make it truly your own.
