ABOUT THIS PLAN

The Parkside by Sierra Log & Timber is a welcoming 1,920 sq ft log home with a warm, lived-in feel and room for everyone. Ideal for growing families or those who love to host, it offers four bedrooms and three bathrooms spread across two stories. The main level's 960 sq ft gives you a generous great room for gathering, a kitchen ready for shared meals, and a primary bedroom for quiet evenings. Upstairs, more bedrooms provide space for kids, guests, or hobbies. Downstairs, the 960 sq ft basement opens up possibilities for a rec room, workshop, or extra storage, letting you shape the home to your needs over time. Whether as a year-round family home, a mountain retreat, or a place to welcome friends for the holidays, the Parkside is built for lasting memories and can be tailored to fit your vision.
