ABOUT THIS PLAN

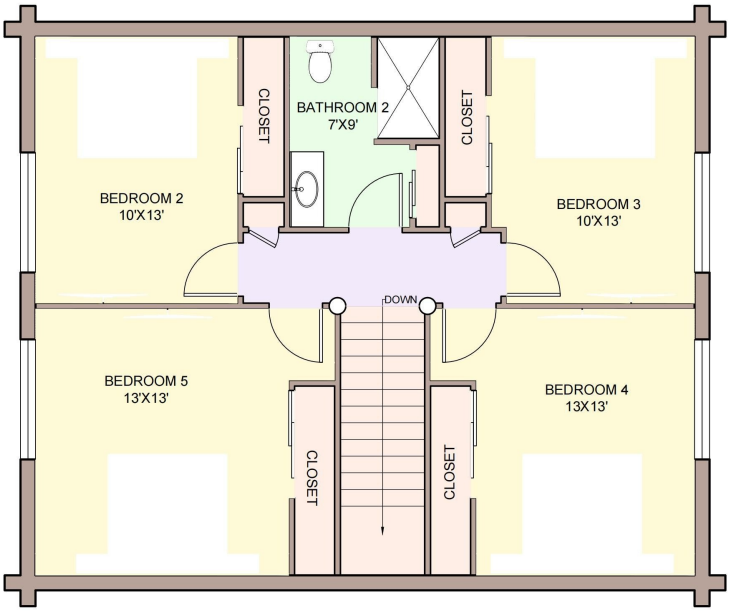

The tahoe valley by Sierra Log & Timber is a warm and inviting 1,904 sq ft log home that brings together classic craftsmanship and open, livable space. Ideal for growing families or those wanting room for guests, it features three bedrooms and two full baths spread across two stories. The main level's 952 sq ft offers a generous great room for gathering around the fire, a practical kitchen for everyday meals, and a comfortable primary bedroom tucked away for privacy. Upstairs, the 952 sq ft loft opens up possibilities for a second living area, extra bedrooms, a home office, or a creative studio, letting you shape the space to fit your life. Whether as a year-round family home, a mountain retreat, or a place to host friends, the tahoe valley is built for lasting memories and can be tailored to your vision.
