ABOUT THIS PLAN

The Rimcrest by Sierra Log & Timber is a warm and inviting 2,548 sq ft log home that feels both spacious and grounded in tradition. Ideal for growing families or anyone dreaming of full-time mountain living, it welcomes you with a generous great room that's perfect for gathering around the fire after a long day outdoors. The kitchen is thoughtfully laid out for everyday meals or holiday feasts, while the primary bedroom offers a quiet retreat at the end of the hall. Two additional bedrooms provide plenty of space for kids, guests, or hobbies. Upstairs, the 1,120 sq ft loft is a flexible haven—use it as a second living area, a home office, or a creative studio. Whether as a year-round residence, a family retreat, or a legacy home to pass down, the Rimcrest is ready to be tailored to your vision and built to last for generations.
