ABOUT THIS PLAN

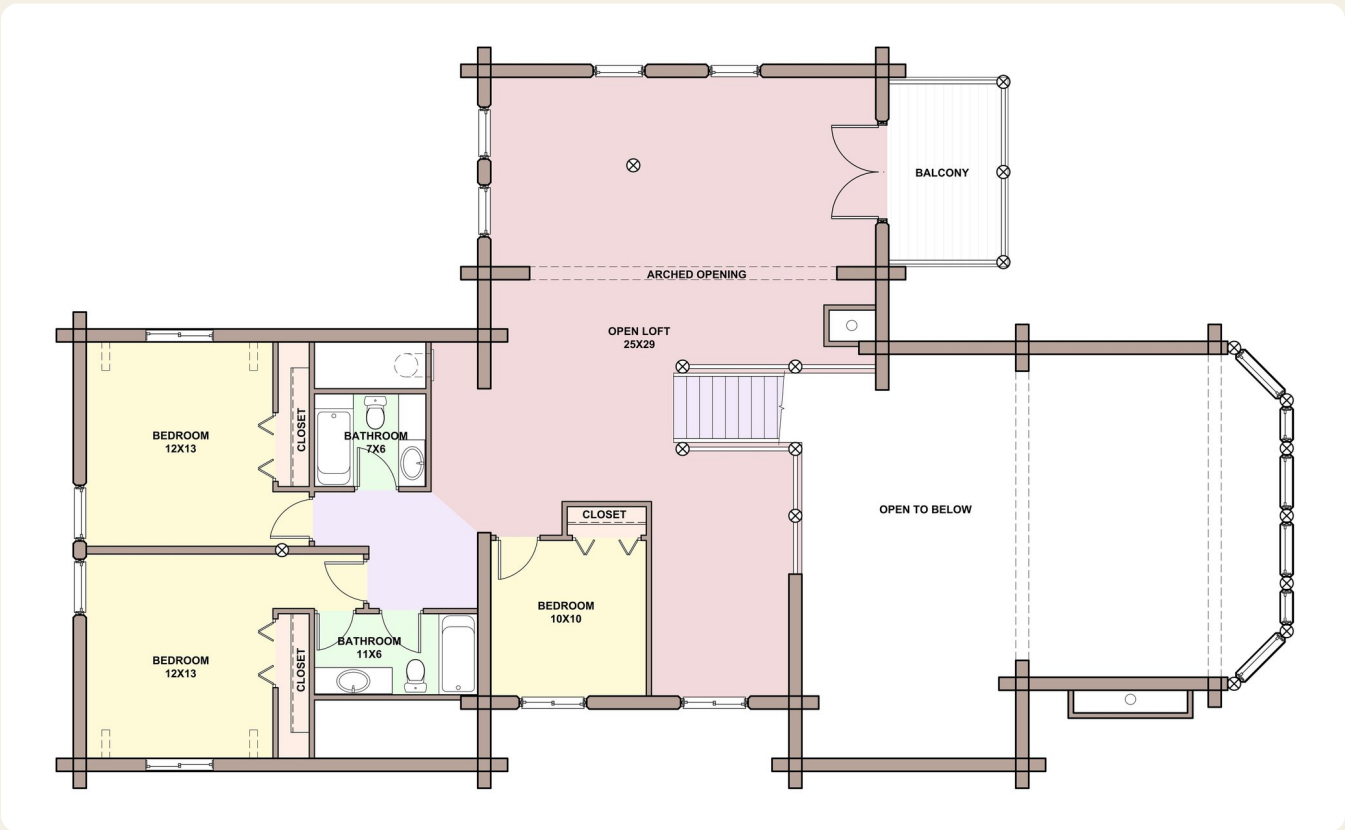

The Grizzly Flats by Sierra Log & Timber is a generous 3,100 sq ft log home with a warm, inviting spirit and room for everyone to gather. Ideal for growing families or those who love to host, it offers four bedrooms and three and a half baths across two stories. The main level's 1,713 sq ft centers around a welcoming great room and a kitchen ready for big meals and late-night conversations. The primary bedroom is set apart for privacy, while three more bedrooms give everyone their own retreat. Upstairs, the 1,387 sq ft loft is flexible space for a home office, playroom, or quiet reading corner. With an attached garage for convenience, the Grizzly Flats is well-suited for full-time mountain living, a spacious family retreat, or a gathering place for friends. Customization is always possible, so you can make it truly your own.
