ABOUT THIS PLAN

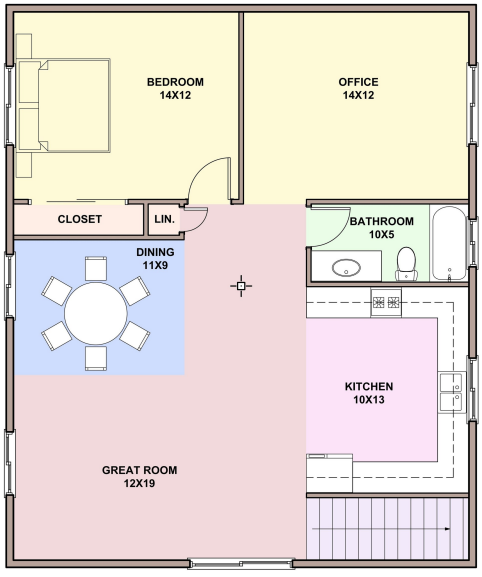

The Cedar Crest by Sierra Log & Timber is a warm and inviting 2,160 sq ft log home that feels both open and intimate, with a craftsman's touch in every detail. Ideal for couples or small families dreaming of a place to settle in and spread out, it offers a main floor with 1,080 sq ft for daily living, including a comfortable great room, practical kitchen, and a restful primary bedroom. Upstairs, the 1,080 sq ft loft gives you room to grow—a second bedroom, a quiet office, or a creative studio, all under one roof. The attached garage keeps things tidy and convenient, especially through the seasons. Whether as a year-round residence, a mountain retreat, or a place to gather with loved ones, Cedar Crest is ready to be shaped to your vision, blending classic log home character with the flexibility to make it your own.
