ABOUT THIS PLAN

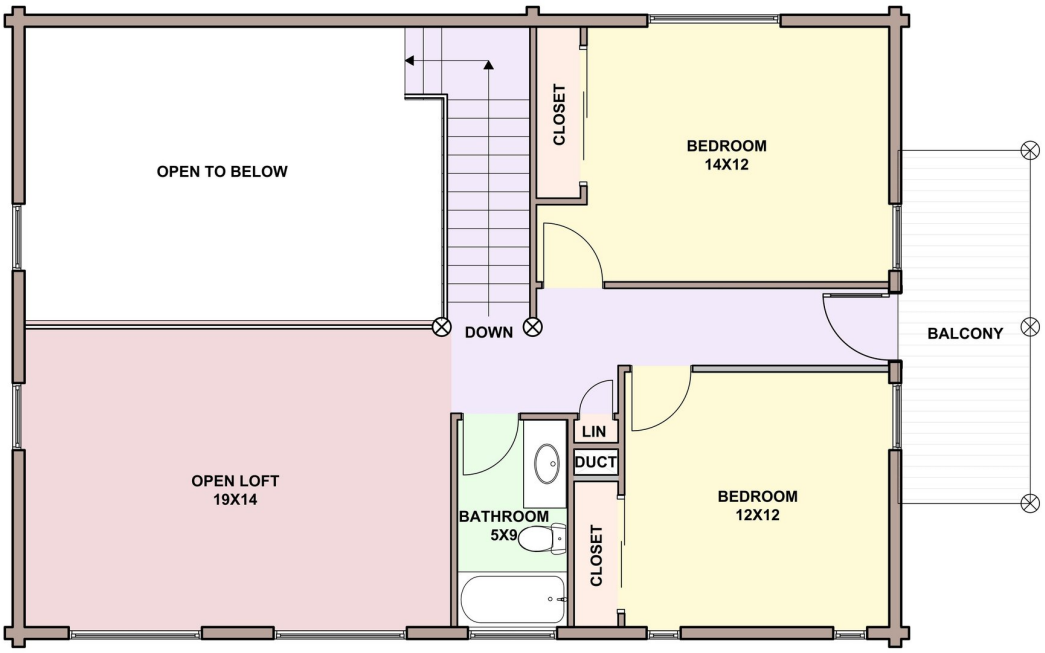

The Mohawk by Sierra Log & Timber is a warm and inviting 1,992 sq ft log home that feels both spacious and grounded, with a layout that encourages gathering and quiet moments alike. Ideal for growing families or those who love to host, it features a generous great room at its heart, where tall windows and timber beams set the tone for relaxed living. The kitchen is open and practical, ready for everyday meals or holiday feasts, while the main floor also offers a comfortable primary bedroom and a full bath for easy living. Upstairs, the 800 sq ft loft gives you room to dream—use it as extra bedrooms, a home office, or a creative studio. Two additional bedrooms and a half bath round out the plan, making space for kids, guests, or hobbies. Whether as a year-round residence, mountain retreat, or family getaway, the Mohawk is crafted for lasting comfort and can be tailored to fit your vision.
