ABOUT THIS PLAN

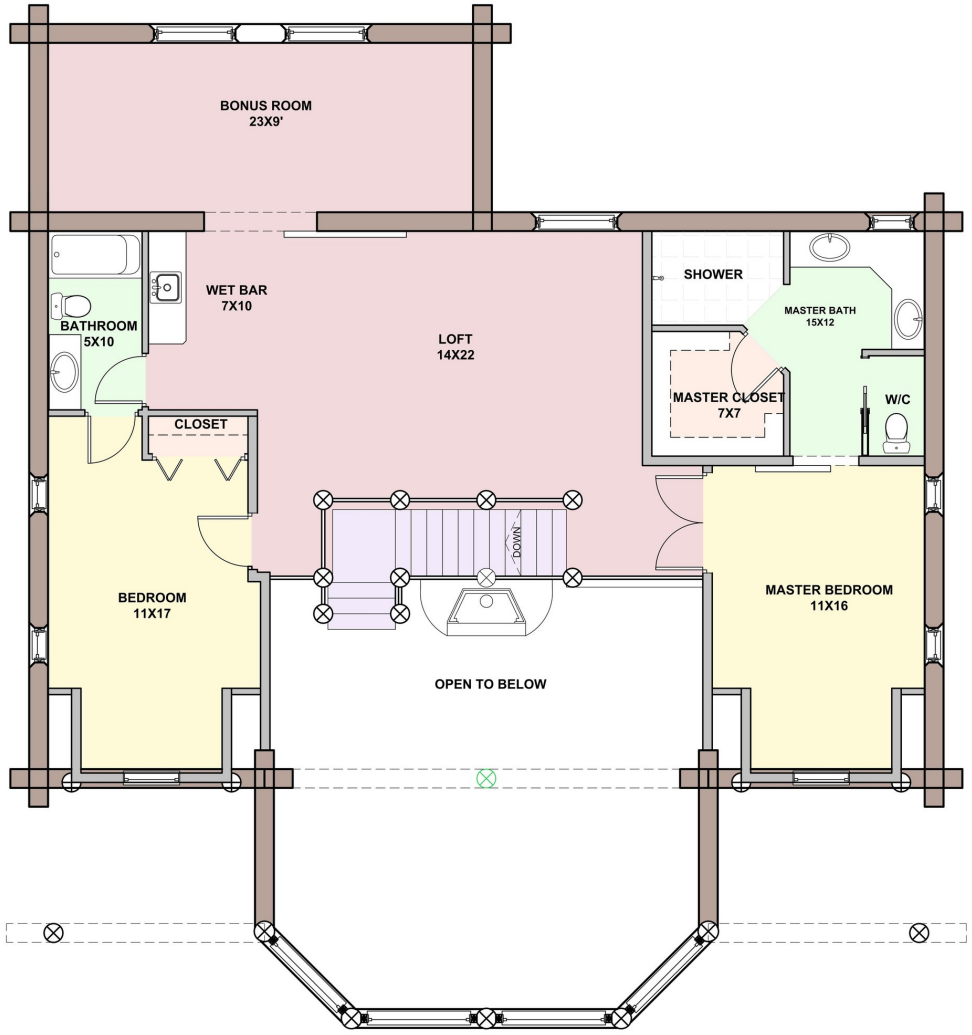

The Ski Chalet by Sierra Log & Timber is a grand 4,491 sq ft log home with a warm, inviting spirit and room for everyone to gather. Ideal for growing families or those who love to host, it offers four bedrooms and five bathrooms spread across three stories. The main level's 1,963 sq ft centers around a spacious great room and a kitchen ready for big meals and late-night stories. Upstairs, the 1,285 sq ft loft is flexible space for a home office, studio, or extra sleeping area. Downstairs, the 1,243 sq ft basement opens up possibilities for a game room, workshop, or future expansion. Whether as a year-round mountain retreat, a family legacy home, or a place to welcome friends for ski weekends, the Ski Chalet is crafted for comfort and connection. Customization is always welcome to make it truly yours.
