ABOUT THIS PLAN

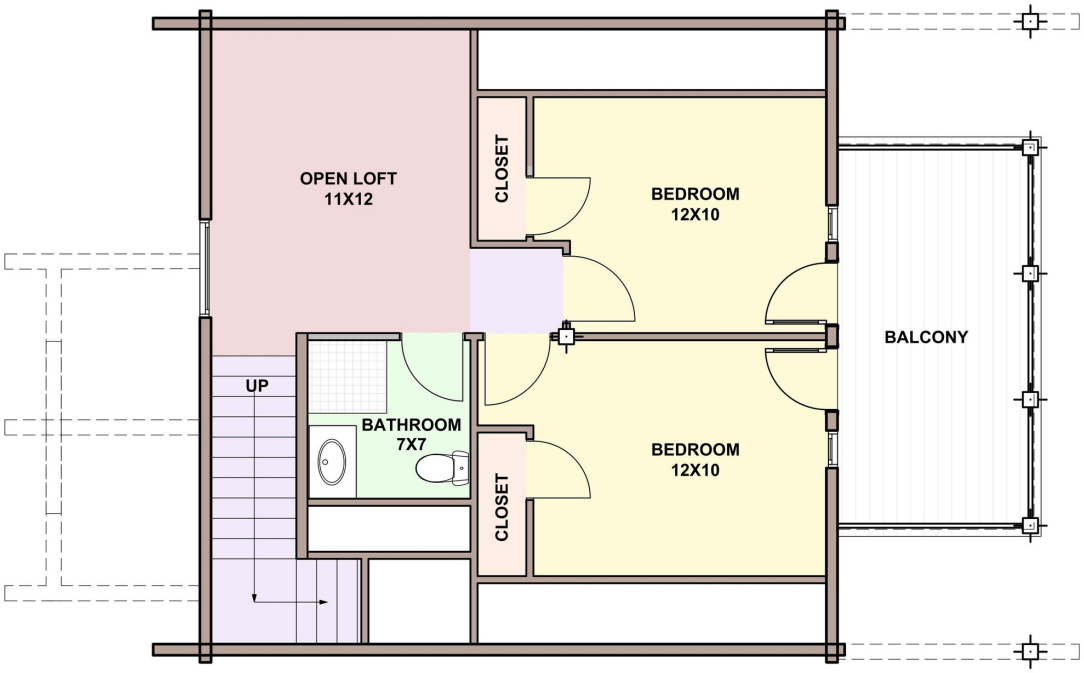

The Fishhawk by Sierra Log & Timber is a warm and inviting 2,028 sq ft log home that feels both spacious and grounded, perfect for growing families or those wanting room to spread out. The main level's 676 sq ft centers around a welcoming great room and a kitchen ready for shared meals and laughter. Three bedrooms and two full baths offer comfort and privacy, with the primary bedroom just steps from the heart of the home. Upstairs, the 676 sq ft loft is a flexible space for a second living area, home office, or creative studio. Downstairs, the 676 sq ft basement opens up possibilities for a workshop, rec room, or extra storage. Whether as a year-round residence, mountain retreat, or multi-generational getaway, the Fishhawk is crafted for lasting memories and can be tailored to fit your vision.
