ABOUT THIS PLAN

The Sierra Pine by Sierra Log & Timber is a warm and inviting 2,775 sq ft log home that feels both spacious and grounded, perfect for growing families or those dreaming of full-time mountain living. The main level's 925 sq ft centers around a generous great room, where light spills in and the kitchen is close at hand for easy gatherings. The primary bedroom offers privacy and comfort, while two additional bedrooms provide space for kids, guests, or hobbies. Upstairs, the 925 sq ft loft is a flexible retreat—ideal for a home office, reading nook, or creative studio. Downstairs, the full basement matches the main and loft in size, ready for a workshop, rec room, or future expansion as your needs change. Whether as a year-round residence, a family retreat, or a legacy home to pass down, the Sierra Pine is crafted for lasting memories and can be tailored to fit your vision.
