## ABOUT THIS PLAN

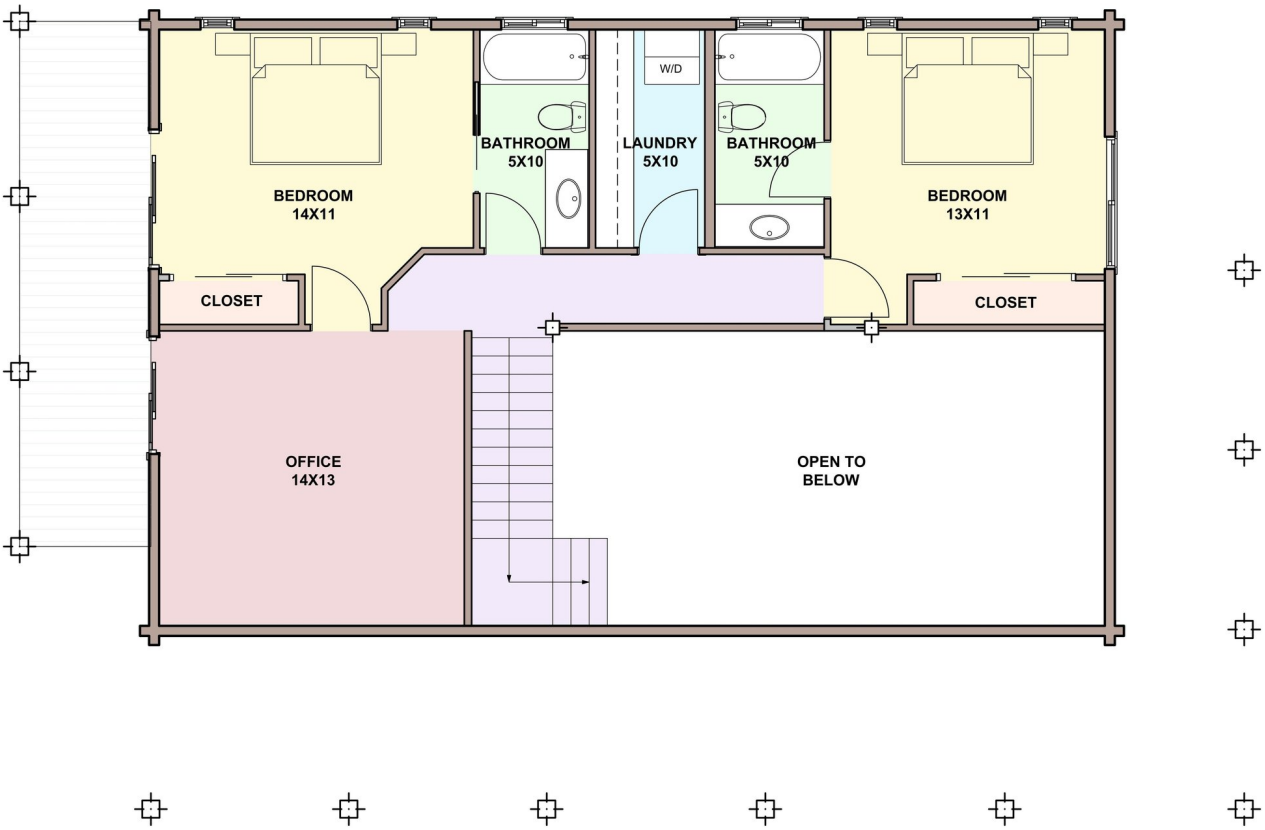

The Rivers Edge by Sierra Log & Timber is a welcoming 2,154 sq ft log home that feels both spacious and grounded, with a warmth that invites you to slow down and savor each day. Ideal for growing families or anyone dreaming of full-time mountain living, it offers three bedrooms and three bathrooms across two stories. The main level's 1,328 sq ft centers around a generous great room and a kitchen ready for shared meals and laughter, while the primary bedroom provides a quiet retreat at day's end. Upstairs, the 826 sq ft loft is flexible enough for a second living area, home office, or creative studio, with room for guests or kids to make their own. With an attached garage for convenience, Rivers Edge is well-suited as a year-round residence, a family retreat, or a gathering place for generations. Customization is always possible, so your home fits your life as it unfolds.
